Permit: F-08-016

Gator Made, Inc.

Somerset, KY 42503

May 1, 2008

Frough Q. Sherwani, Reviewer

SOURCE ID: 21-199-00094

AGENCY INTEREST: 39760

ACTIVITY: APE20080001

SOURCE DESCRIPTION:

On April 16, 2008, the source applied to the Division for the construction/operation of a trailers manufacturing facility in Somerset, Kentucky. Processes include a paint booth for spray coating of metal parts and welding operation.

- a. The source has accepted a facility-wide cap on annual VOC emissions of no more than 50.0 tons per rolling 12-month period. Compliance with this allowable will be demonstrated by record keeping and emissions estimating methodology specified in the terms and conditions of the permit.
- b. The source has accepted a facility-wide cap on annual individual HAP emission of no more than 9.0 tons per rolling 12-month period. Compliance with this allowable will be demonstrated by record keeping and emissions estimating methodology specified in the terms and conditions of the permit.
- c. The source has accepted a facility-wide cap on annual combined HAPS emissions of no more than 22.5 tons per rolling 12-month period. Compliance with this allowable will be demonstrated by record keeping and emissions estimating methodology specified in the terms and conditions of the permit.

PUBLIC AND U.S. EPA REVIEW:

On May 24, 2008, the public notice on availability of the draft permit and supporting material for comments by persons affected by the plant was published in *Somerset Commonwealth Journal* in Somerset, Kentucky. In addition, notification of the issuance of the draft permit was sent to the U.S. EPA and Affected State (Tennessee) on May 25, 2008 via e-mail. The public comment period expired 30 days from the date of publication. No comments were received during this period. The permit is now being issued final.
